

# ABDUL SHAKOOR

Full Stack Web Developer | B.Tech (AIML) | BBDITM Lucknow

 Samsuddin.s924@gmail.com    9026350069    India    Abdul Shakoor

## WORK EXPERIENCE

---

### Software Developer

- Developed a responsive web application using **react.js** and **Nextjs**, improving user engagement by 15%.
  - Collaborated with the team of 4 to implement a **RESTful API** using **node.js** and **express.js**.
  - Optimised database queries in **MongoDB**, reducing query response time by 20%.
  - Integrated **JWT-based authentication**, securing user access for 500+ accounts.
  - Participated in **code reviews** and followed Agile methodologies, improving code quality and Team efficiency.
  - Deployed the application on **Aws S3** and **Ec2**, ensuring 99.9% uptime.
  - Strengthened problem-solving, clean code practices, and understanding of full-stack development lifecycle.
- 

## EDUCATION

**Btech(CSE)** – BBDITM(2022-25) , **Intermediate** – 75% (2021-2022) , **HighSchool** – 83% (2019-2020)

## PROJECTS

---

### MeetAI – AI-Powered Meeting Assistant

- Developed a **full-stack web application** that enables users to conduct meetings with AI agents.
- Implemented **real-time AI-generated meeting summaries** and Ask-AI Q&A to improve collaboration and productivity.
- Built a secure authentication system with **Better Auth** and designed a modern UI using **shadcn/ui**.
- Utilized **Postgres (Neon)** with **Prisma ORM** for efficient database management and scalability.
- Deployed scalable backend & database architecture, ensuring high performance for multiple concurrent users.

### Finance SaaS Platform

- Built a finance management platform to track income/expenses, **categorize transactions**.
- Implemented **CSV transaction imports**, bank account connections **via Plaid**, and premium upgrades via Lemon Squeezy.
- Designed responsive UI using **TailwindCSS** and **shadcn/ui**, with state management via **TanStack React Query**.
- Developed APIs using **Hono.js** and deployed on **Vercel** for scalability.

## SKILLS

---

- Languages: C/C++, Python, JavaScript, Java.
- Frameworks: React.js, Django, Vue.js, SpringBoot, Next.js, Tailwind.
- Cloud/Databases/Tech-Stack: PostgreSQL, MS SQL, MySQL, AWS Services, Azure Services.

## Achievements & certifications

---

- Full-Stack Development Intern – BBDITM** (Jan 2025 – Mar 2025)  
Completed a full-stack internship at BBDITM, developing web applications with **modern frameworks and databases**.
- Completed a specialization in Artificial Intelligence & Machine Learning, gaining hands-on experience with **Python, TensorFlow, and Scikit-learn**.
